

AMPUTEE IMPLANT TECHNOLOGY The Latest Advancements in Osseointegration

**March 30, 2015
6:30 - 8:00 p.m.**

HealthSouth Valley of the Sun
Rehabilitation Hospital
13460 N. 67th Ave. • Glendale, AZ 85304

Join us for a special presentation by Dr. Munjed Al Muderis of Sydney, Australia where he will discuss the latest innovation in amputee implant technology, the Osseointegration Prosthetic Limb (OPL) implant. With the help of his team, The Osseointegration Group of Australia Accelerated Protocol (OGAP), Dr. Al Muderis has combined Swedish and German technologies to develop the next generation implant.

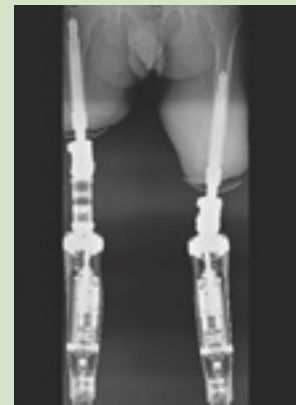

Open to amputees and medical professionals
Presentation is free and refreshments will be provided

**Please RSVP to Lori Ferguson at
Lori.Ferguson@healthsouth.com
or 623-334-5423**

*The surgeon will be joined by Bilateral Ak Michael Swain and Bk amputee Gareth Williams. The presentation is for educational purposes only. This device is not approved by the FDA for use in the United States.

X-ray of Bk patient Gareth Williams of Sydney, Australia

X-ray of bilateral Ak patient Michael Swain of the UK Militray
